

OMRON Healthcare unveils service centre in Varanasi

17 May 2022 | News

The company has 80 touchpoints across India including experience, service and pick-up centres

OMRON Healthcare India is set to expand their retail presence in tier II cities with a new experience centre in Varanasi. This marks their 6th exclusive OMRON Experience Center, totalling 80 touchpoints across India including experience, service and pick-up centres.

The experience centres are expected to address 100+ customers daily, where quick resolution of queries and complete know-how on the utility and functionality of OMRON healthcare products will be provided.
