Indian Health Congress & Hospimedica 2003

FICCI (Federation for Indian Chambers of Commerce and Industry) Health Service Committee in association with CIDEX Trade Fairs Pvt. Ltd. is organizing an International Conference cum Exhibition titled HOSPIMEDICA 2003 & INDIAN HEALTH CONGRESS. The focus of this global event will be on challenges and opportunities faced by the Indian Healthcare system.

Combining technology and the human touch, the Health Services Industry administers care around the clock responding to the needs of millions of people- from newborns to the critically ill. India has a comprehensive healthcare system comprising of government and private service providers. However, the system, reaches barely fifty percent of the population - mainly on account of general infrastructure bottlenecks. With the second largest population in the world and a high incidence of disease, the Government of India but still much need to be done is according healthcare. This will be the subject dealing in the Conference cum Exhibition.

Date : 14-16 February 2003

Venue : HITEX, Hyderabad
